Benediction

A Gaelic Blessing John Rutter

MUSIC IS A TRADITION AT EMHS, and we are proud it has been such a strong component of our heritage.

Music across the centuries has been used in worship to bring praise and petitions to God, to express the woes of human circumstance, and the celebration of the Lord's work among His people. Music has been used by Christians to express support for each other, and to affirm their commitment to faith in Jesus Christ.

Music is important at EMHS. Over 70 percent of the student body participates in the music program each year taking orchestra, choir and a variety of music classes. Study in music is a requirement for graduation.

Most important, however, is that teaching our students to sing provides another avenue through which they can worship and praise God. This is a gift they will cherish for life.

Our prayer is that you will reflect on the meaning of the words and the message of the musical score during this program. May God grant to you the peace and hope that is ours through His grace. May this time be one of renewal and praise to God through the ministry of these young people and Mr. Hartzler.
